

Home Expansion – Corner Drawers, stackable

READ General Instructions FIRST!

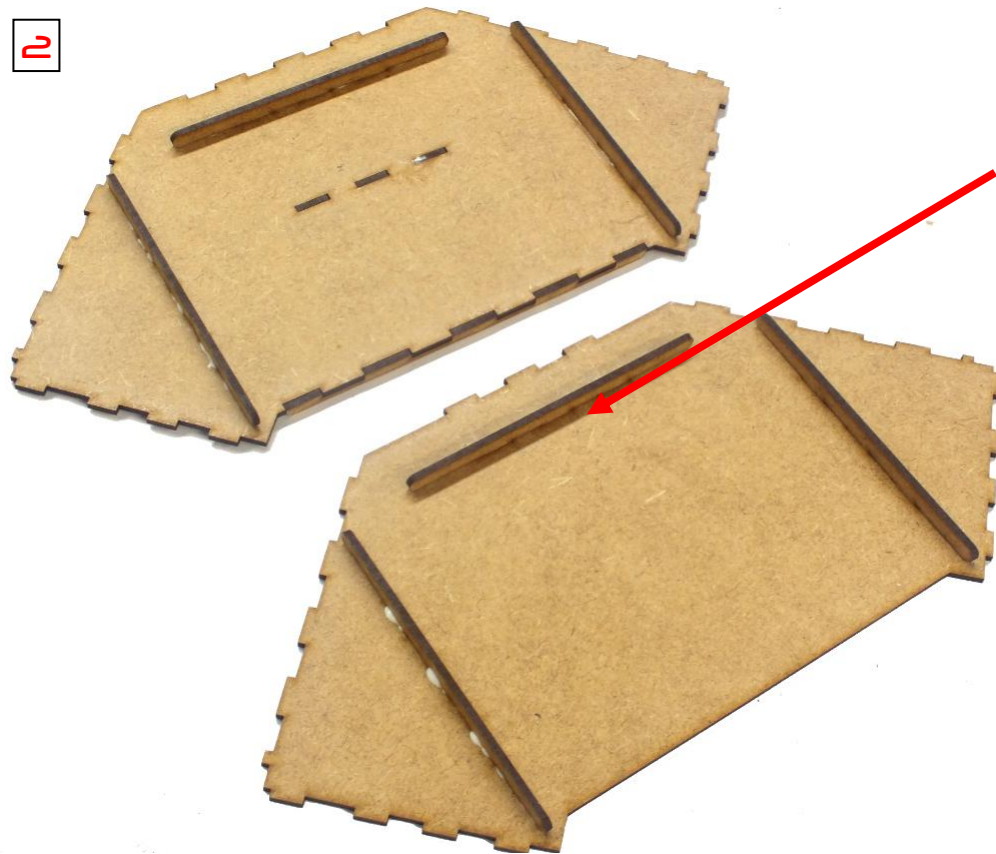

TIP: Most pieces fit together without glue. Do a test run first, before gluing.

**Sheets:
HDC1 to HDC7**

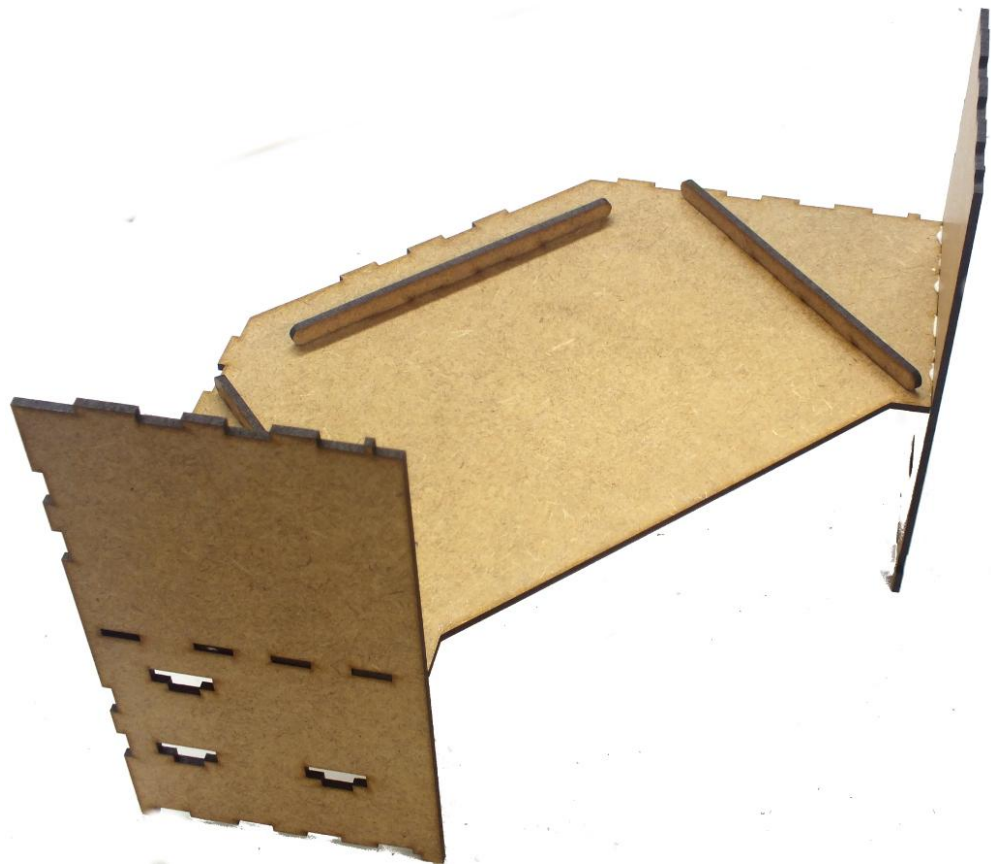

1 Shelf Unit:

the pieces to be glued.

2 first glue in 3 of the drawer limiters into the bottom and middle large plates.

3 Glue the middle shelf onto the 2 sidewalls. Drawer limiters facing up.

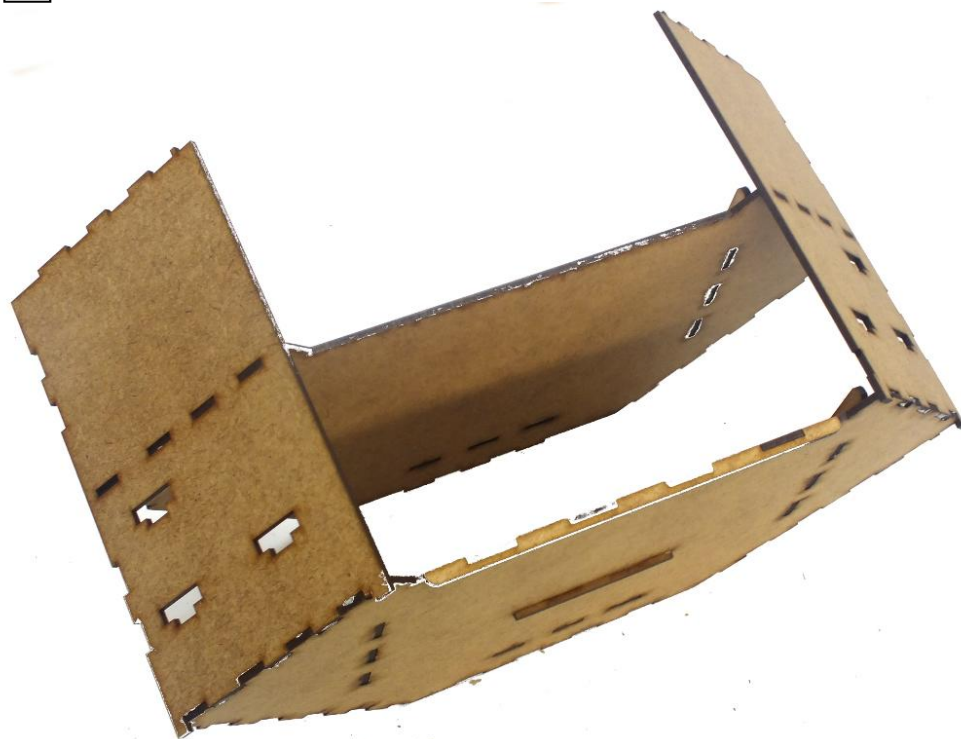

4

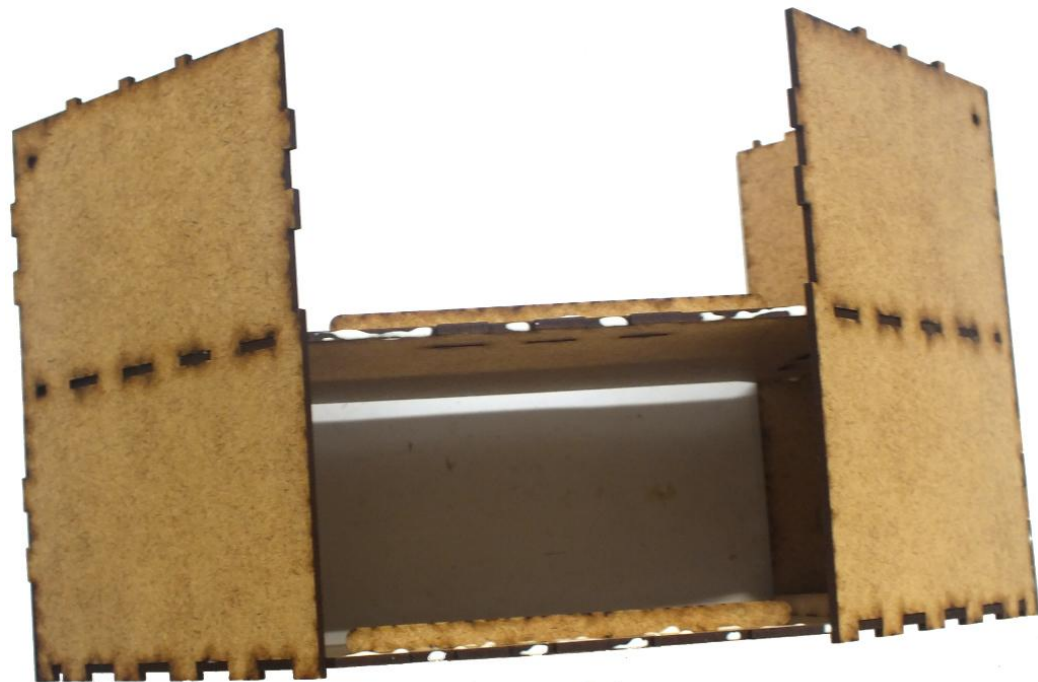

4 Glue the front support strip (5 tabs) and the little piece with 3 tabs into the slits of the bottom plate from below.

5

5 Glue on the bottom plate, drawer limiters facing up.

6

6 Glue on the 2 back / side walls, and ensure that the whole module is straight. Tabs sticking out the bottom is correct.

7

7 Glue on the large center back wall with plenty of glue between the angled pieces to ensure they hold properly and the gaps are closed.

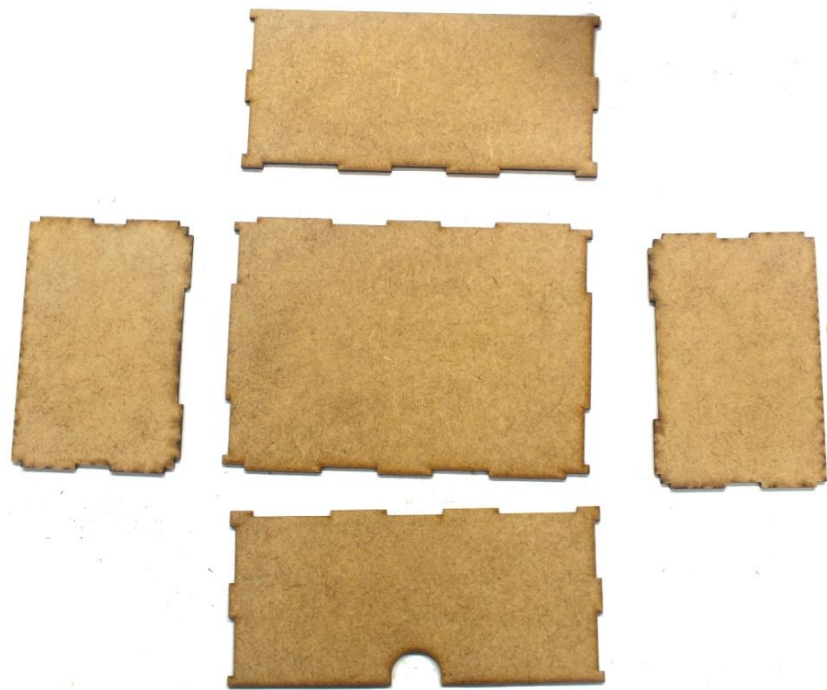

8

8 Glue on the top plate. Best to hold together with masking tape during glue drying time, so that the center back plate sits properly. Ensure proper angles.

Tip: During glue drying time use masking tape to ensure proper angles / fit of the back plates. See previous picture.

9

9 Drawers: the pieces that need to be glued together.
Repeat twice

10 Drawers: glue a sidewall and front wall to the base plate.

11 Drawers: glue on
other sidewall and back
wall.
Ensure right angles.
