

Home Expansion - Corner Drawers, stackable

READ General Instructions FIRST!

TIP: Most pieces fit together without glue. Do a test run first, before gluing.

Sheets: HDC1 to HDC7

1

1 **Shelf Module:** the pieces that need to be glued together.

2

2 first glue in 3 of the drawer limiters into the bottom and middle large plates.

3

3. Glue the middle shelf onto the 2 sidewalls. Drawer limiters facing up.

4

4 Glue the front support strip (5 tabs) and the little piece with 3 tabs into the slits of the bottom plate from below.

5

5 Glue on the bottom plate, drawer limiters facing up.

6

6 Glue on the 2 back / side walls, and ensure that the whole module is straight. Tabs sticking out the bottom is correct.

7

7 Glue on the large center back wall with plenty of glue between the angled pieces to ensure they hold properly and the gaps are closed.

8

8 Glue on the top plate. Best to hold together with masking tape during glue drying time, so that the center back plate sits properly. Ensure proper angles.

9

Tip: During glue drying time use masking tape to ensure proper angles / fit of the back plates. See picture.

9 Drawers: the pieces that need to be glued together. Repeat twice

10

10 Drawers: glue a sidewall and front wall to the base plate.

11

11 Drawers: glue on other sidewall and back wall. Ensure right angles.
