

Home Expansion – Larger Drawers Module

READ General Instructions FIRST!

TIP: Most pieces fit together without glue. Do a test run first, before gluing.

Sheets: HDM-1 to 6

1

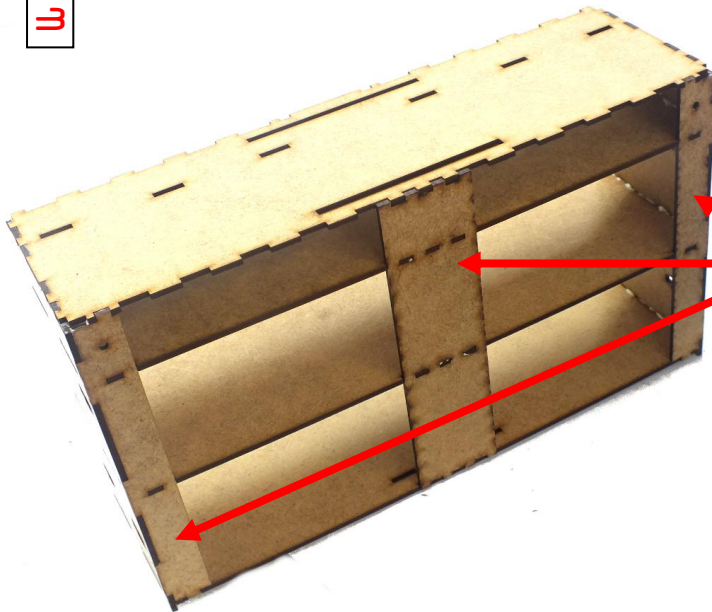

1 the pieces that need to be glued together.

2

2 first glue in the bottom, middle and upper shelves together with the 2 side walls. All tabs facing the back side.

3

3 glue on the top plate. Then glue on the 3 support strips at the back. Ensure right angles.

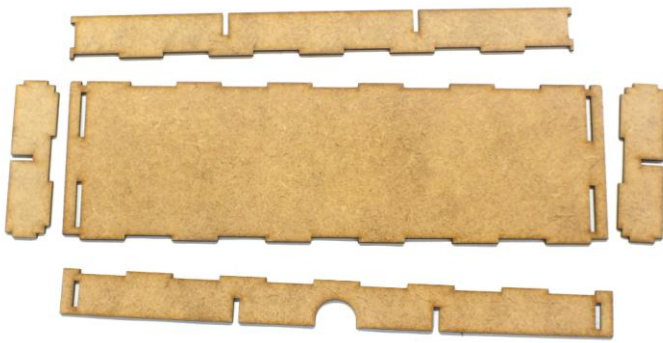

4

4 Glue in the 2 small strips with the 3 tabs into the slits of the bottom from below

Tip: During glue drying use vice grips to ensure right angles / fit.

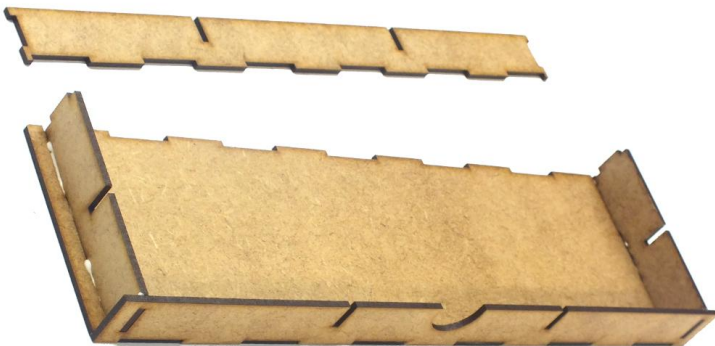

1

**3 Drawers:
All assembled the same way, but
different sizes.**

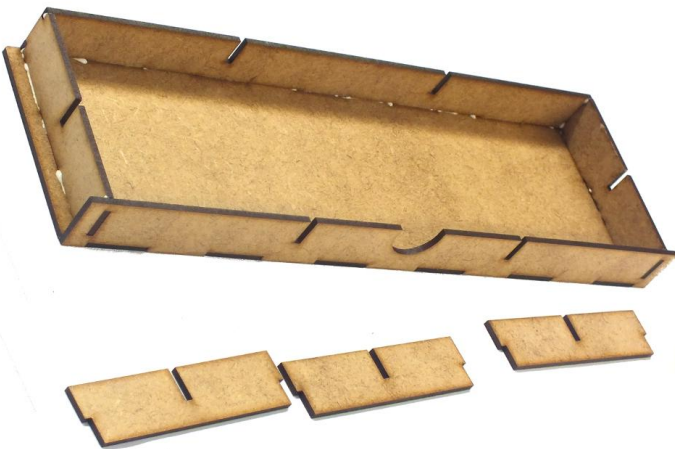

1 the pieces that need to be glued together.

2

2 first glue in the 2 sidewalls into the slits of the bottom. Then glue in the front wall.

3

3 glue in the back wall. Ensure right angles.

The dividers can be inserted as needed without glue.
