

Home Expansion – Larger Dropper Module, stackable

READ General Instructions FIRST!

TIP: Most pieces fit together without glue. Do a test run first, before gluing.

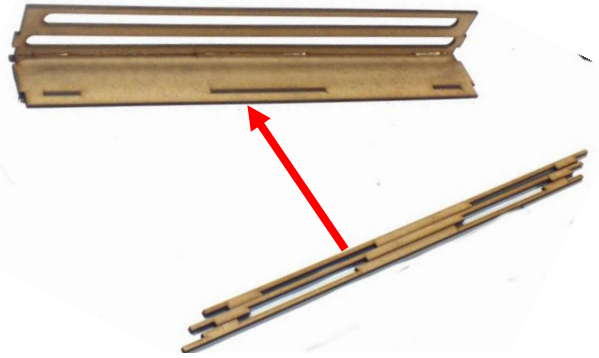

Sheets: HDS1 to 3

1

1 the pieces that need to be glued together.

2

2 first glue the paint holders together from 3 pieces each. The piece with long slit facing up (one has 2 slits), the thin one facing down. Do this with all 4 paint holders.

3

3 glue the paint holders into one sidewall. The one with 2 slits at the bottom. Ensure right angles.

4

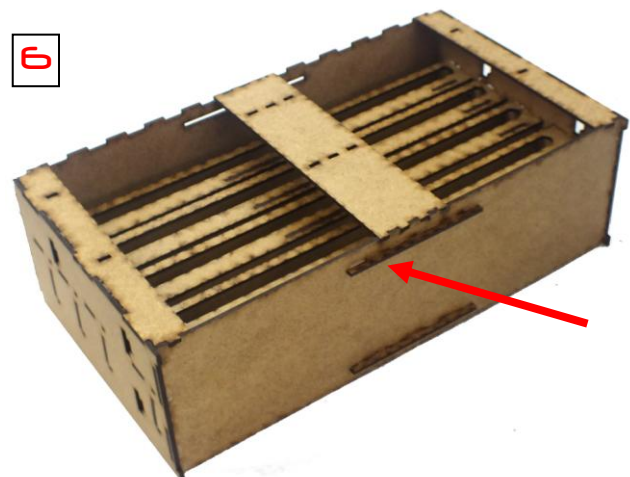

4 Glue in the bottom plate, tabs facing the back.

5

5 glue the other sidewall.

6

6 glue on the upper plate, then the 3 support strips at the back. Ensure right angles. Also glue in the 2 small strips with the 3 tabs into the slits of the bottom from below.

Tip: During glue drying use vice grips to ensure right angles / fit.
