

Home Expansion – Corner Shelf, stackable

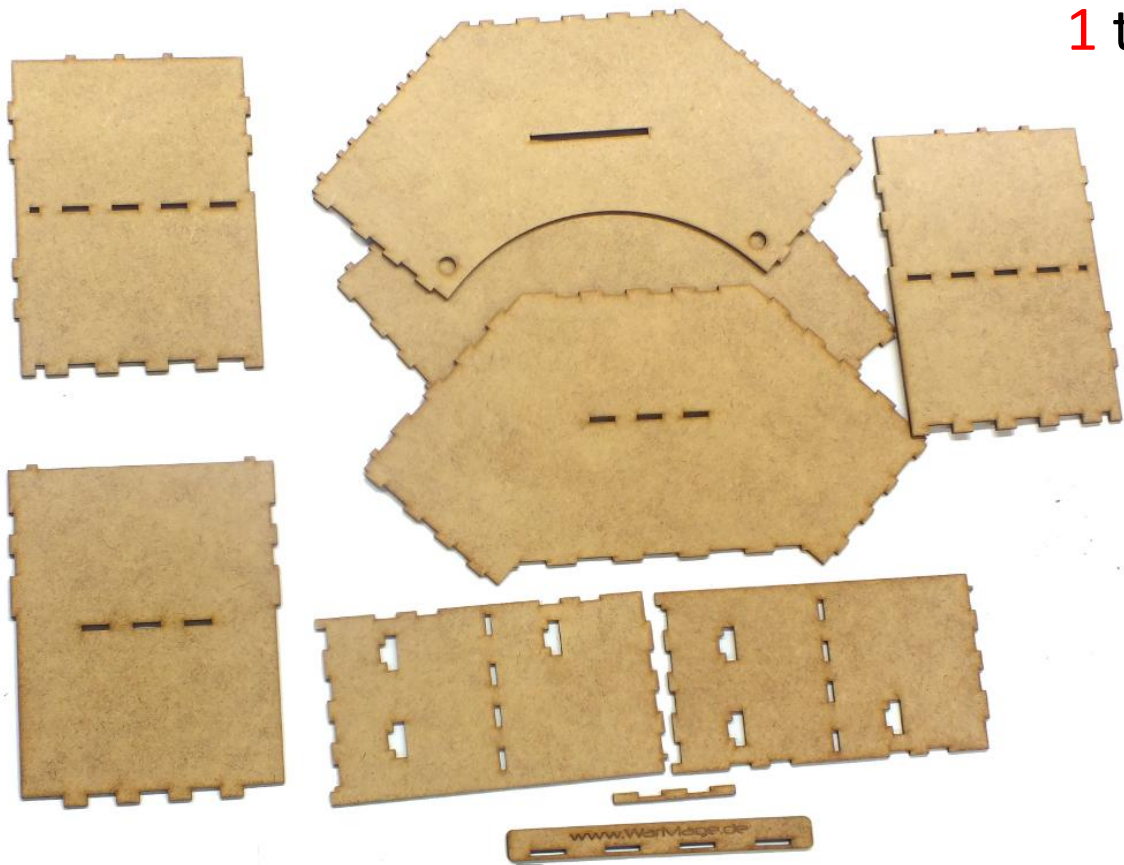

READ General Instructions FIRST!

TIP: Most pieces fit together without glue. Do a test run first, before gluing.

Sheets:

**HCS1, HCS2, HCS3, HCS4
& single piece**

I

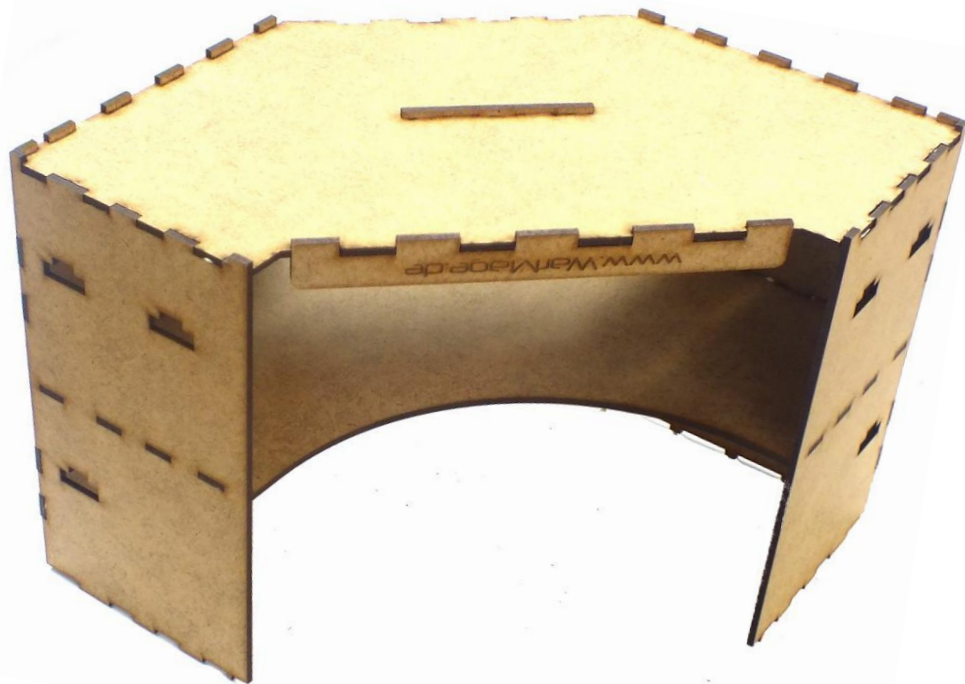

1 the pieces to be glued.

2 first glue in the middle shelf into the 2 sidewalls and 2 back walls.

3 Glue the little piece with 3 tabs into the slits of the bottom plate. Glue in the bottom plate. The tabs stick out, this is correct.

4

4 then glue in top plate
(with 2 round holes in it)

5

5 Glue on the large back wall with plenty of glue between the angled pieces to ensure they hold properly and the gaps are closed.

Ensure proper angles

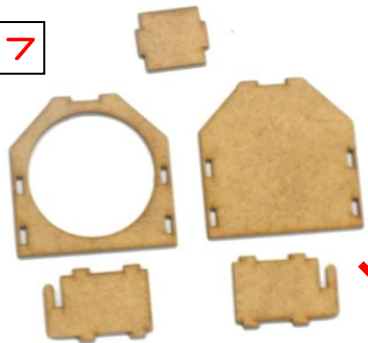

6

6 Glue the front support strip (4 slits) onto the front of the base plate, and ensure that the whole module is straight.

Tip: During glue drying time use masking tape to ensure proper angles / fit of the back plates. See previous picture.

7

8

9

7-9 Water pot holder:
Glue the 2 sides, top, bottom and front pieces together, little tabs facing to the back.

Slide over front support strip with the little tabs.
