

# Home Expansion – Large Dropper module, stackable

**READ General Instructions FIRST!**

**TIP:** Most pieces fit together without glue. Do a test run first, before gluing.

**Sheets:  
HDS1 to -3**

1

1 the pieces to be glued.

2

2 first glue the paint holders together from 3 pieces each.

The piece with long slit facing up (one has 2 slits), the thin one facing down.

Do this with all 4 paint holders.

3

3 glue the paint holders into one sidewall.

The one with 2 slits at the bottom.  
Ensure right angles.

4

4 Glue in the bottom plate,  
tabs facing the back.

5

5 glue the other  
sidewall.

6 glue on the upper plate, then the 3 support strips at the back.

Ensure right angles.

Also glue in the 2 small strips with the 3 tabs into the slits of the bottom from below.

Tip: During glue drying use vice grips to ensure right angles / fit.
