

Home Expansion - large GW paint holder

READ General Instructions FIRST!

TIP: Most pieces fit together without glue. Do a test run first, before gluing.

**Sheets:
HG1, HG2**

1

1 the pieces to be glued.

Group 1

2 Group 1: first glue two of the small strips together. Ensure right angles. Do this 4 times:

One pair with the extra tabs on it. One pair with the larger piece. 2 regular sets.

One piece with extra tabs by itself.

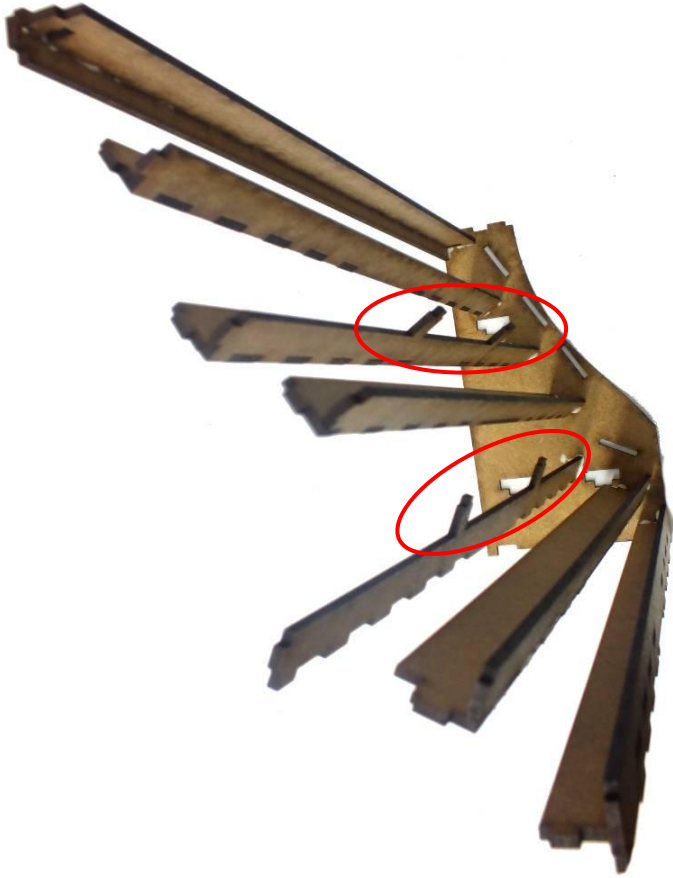

3

Group 2

3 Group 2: glue the support pieces into the front and back pieces.

4

4 glue the pieces of group 1 and 2 into the slots of a sidewall as shown.

Ensure the extra tabs go to the front.

5

5 glue in the paint holders
into the angled slits.

Make sure the extra tabs go
into the holes.

6

6 Now glue on the other sidewall. Best to work from top to bottom. Take your time, it can be a bit tedious.

Also put glue on the top, where it touches the paint holder.

Ensure right angles!

Insert fully into the slots on both sides!

7

7: Lastly, glue in the back support piece at the bottom and the 2 short T-shaped strip at the bottom from below. Careful not to break it.
