

# Miniature holders

**READ General Instructions FIRST!**

**TIP:** Most pieces fit together without glue. Do a test run first, before gluing.

**Sheets:  
various**

glue the upright piece into the slit of the other one. Glue two disks all the way into this. Glue the disk with small cross on top. Also works without glue, but not as well.

Attach miniature with e.g. blue tack. Glue on cork disk if you want to pin minis.
