

storage box – Small GW / Dropper

READ General Instructions FIRST!

TIP: Most pieces fit together without glue. Do a test run first, before gluing.

Sheets:

Dropper: SD-04, SD-05

GW: SG-04, SG-05, SG-06

1

1 the pieces to be glued.

2 glue the two short sidewalls and two front sidewalls into the bottom plate.

Don't leave any gaps!
Ensure right angles.

3

3 glue the short front wall, the long side walls and long back wall into the bottom plate. Ensure proper orientation. Ensure right angles.

At the bottom, several tabs will stick out. This is correct, they are guides to fit into the bottom plate of the system.

Into this box, put the water pots, water pot holders, connection plates and wet palette (upright). Store the power cable of the lamp into the water pots. Water pots do not fit in Small GW Station.
