

# Water pot storage box – Large & Ultimate

**READ General Instructions FIRST!**

**TIP:** Most pieces fit together without glue. Do a test run first, before gluing.

**Sheet:  
LK1**

1

1 the pieces to be glued.

2

2 glue the sidewalls and front and back walls into the bottom plate. Don't leave any gaps! Ensure right angles.

At the bottom, several tabs will stick out. This is correct, they are guides to fit into the bottom plate of the system.

3

3 glue the two small pieces into the upright slits of the front wall. Ensure proper orientation. Then glue on the short front wall. Ensure right angles.

Into this box, put the water pots, water pot holders, connection plates and wet palette (upright). Store the power cable of the lamp into the water pots.
