

# Miniature holders

**READ General Instructions FIRST!**

**TIP:** Most pieces fit together without glue. Do a test run first, before gluing.

**Sheets:  
MH01**

1 the pieces of the stand

2

2 insert the side walls into the slots of the upper and bottom plates. No glue needed.

3

3 insert the locking pieces on both sides, and lock them in place by pushing them down into the slots of the upper and lower plates.

No glue needed.

Tip: you CAN glue this together, if you don't want to keep it in the Portable Paint Station.

## Miniature Holders:

glue the upright piece into the slit of the other one. Glue two disks all the way into this. Glue the disk with small cross on top. Also works without glue, but not as well.

Attach miniature with e.g. blue tack.  
Glue on cork disk if you want to pin minis.
